Further that the place for the said new timber yard be at once selected to put a fencing, etc."

Mr. Mahomed Sait proposed and Khan Bahadur Mr. P. Pallonji seconded the following amendment :—

"' The following words be substituted after 'The City of Mysore' and the rest of the sentence be deleted : "that the existing bye-law relating to the levy of octroi on timber be altered and levied at four annas on each log below 12 feet in length and at 8 annas per log above 12 feet and that no refund be allowed."

280. Proceedings of the following Committees for March 1925 :—

(i) Managing Committee.

(iii) Schools Committee.

Recorded.

In this connection the President drew the attention of the Council to the estimate for Rs. 235 for re-setting railings on the Karanji Tank Bund Road and another for Rs. 295 for rectifying and renewing Doddakere Tank Bund Road Railings, referred to in the Managing Committee's Resolutions Nos. III and VII of the 14th April 1925, respectively. The latter work had been carried out and partly paid for long ago while the other was in an advanced state of progress. The President said that although these estimates had been sent to the Managing Committee, the work had really been carried out under competent authority by orders of the President and the expenditure could not well be disowned. He however agreed to have the work done on the Karanji tank bund road duly checked. In view of these explanations, the objections raised by some of the Councillors to these estimates were not pressed.

Read letter dated 21st September 1924, from the Honorary Secretary, Balabodhini Girls' School, enquiring as to the amount realized by the sale of the Balabodhini School building on the Chamaraj Road and the place where another school building is proposed to be erected and suggesting the suitability of the market site on the Vani Vilas Road for the purpose.

Read also his letter dated 20th March 1925, to the Private Secretary to His Highness the Maharaja of Mysore, on the subject.

The market site on the Vani Vilas Road not being suitble for the purpose of constructing the Balabodhini Girls' School on account of its proximity to the other Girls' Schools existing in the locality, it was resolved that the Honorary Secretary might be asked to select another suitable site for the purpose.

Further resolved that the amount of Rs. 4,000 received as compensation for the Muncipal property wherein the Balabodhini Girls' School had been located cannot be utilised for the construction of a new building for that school, as the use of Municipal Funds for such purpose would be open to objection, the Municipality having no connection with Female Education in the City.

293. Excess water charges claimed by the Water Supply Department in respect of certain Municipal buildings.
